LARGE CROWD ATTEND MEETING AT CARSELAND

On Thursday I spoke in the Budget debate. I stated that we were all glad to see signs of mounting revenues and increasing trade but that the farm problem and the unemployment problem were not solved as yet. There are still one million people in Canada on direct relief. There is much unfairness and lack of uniformity in the handling of the relief problem. In some cities a family of 5 gets \$15 to \$20 per month, in some other places only \$5 to \$10 is allowed. To the credit of the governments it can be said that actual starvation has been prevented. Meade the Hat Constituency borders on Saskatchewan to the East and I have, year after year, complained to the Minister because while the same climatic conditions prevail yet relief is given much more generously in Saskatchewan.

I argued that the U.S.A. was a natural market for live stock and the increased prices we are able to get in Alberta is a reflection of the advance in the American people. Last week carloads of Canadian cattle sold in Chicago for \$11.25 per cwt. At present no cattle are going to Europe because it is possible to ship to the States in spite of the duty of 2 cents per lb. and expense of 1.2 cent per lb.

I gave statistics to show that there was room in Canada for more of the best sugar industry. I have argued this every year for a long time. We U.S.A. and produce the raw material for 10 per cent of the sugar we consume while U.S.A. and U.K. Britain grow 20 per cent of their requirements and they are not agricultural countries, to the same extent. The best sugar industry has great potentialities as an employment measure, for the help in the solution of crops, the orchard industry, to transportation, for the supplies of lumber, time and fuel and particularly because it would save the great irrigation projects by providing a profitable crop.

I pointed out that the lack of proper irrigation projects by providing a profitable crop.

CURLERS SERVICE

A large congregation assembled at the United Church Sunday evening despite the wintry elements when Rev. E. B. Brundage delivered the annual sermon to the curlers.

The church was appropriately decorated with brooms, stones and streamers of red orange and black. The Pastor drew a very apt comparison of the Game of Life with that of curling, the significance being very marked.

Mr. Leslie Hand sang in good voice "The Light of My Light," with Miss Garrett accompanying. The orchestra was an added feature of interest and they received many compliments on their playing. The program included violin, Mr. Hirtle, Don Shrimpton, and Doug Shrimpton, clarinet James Gannon, saxophone Bobby Brown, and Mr. Hirtle, Ben; trumpets, Mr. Saunders and Douglas Hirtle, with Mrs. Hirtle at the piano.

Silver Wedding Celebrated

A party of about 60 people congregated at the home of Mr. and Mrs. H.A. Ruppe on Saturday evening to congratulate them on the attainment of their 25th wedding anniversary.

Musical songs, laughter and the sincere warmth of good fellowship were the key note of the celebration. It was especially a gathering of personal friends, and the delightful home atmosphere gave an enthusiastic and charming touch to the party.

Mr. Benoit sang "Just a Song at Twilight" and Mrs. Kynon a musical number in Dutch. Mr. Kenneth Hendry and Mr. Winfield Schater entertained happily with the saxophone and an impromptu charade caused much merriment, and Mrs. Nelson had her part in great good humor with her part in the illusion to the song "Jingle Bells." Mrs. W. O. Browne read very charmingly an essay on "Silver Weddings."

Later in the evening Mr. David Englund presented a beautiful silver token on behalf of his friends. Strath, his family and himself. Mrs. Kenna gave the happy pair from the Tudor Hall, and U.F.W.A. a silver vase holding a dozen beautiful roses. Mr. and Mrs. Nelson's token was silver salt and pepper shakers.

Several friends made congratulatory speeches. Mr. David Englund as

chasing power by those who needed to buy food, clothing, furniture, implements etc. was the great factor. The farmers were submerged by credit, charges, taxes, and short of credit, food, seed etc.

To restore buying power I urged lower tariffs, adjustment of the exchange rates which have demoralized prices of things we must buy and the giving of dividends or pensions to certain people for certain definite reasons. I also dealt with the financing of these dividends in such a way as not to burden any one unduly.

Sincerely, F. W. Gershaw.

A capacity crowd met in the Community hall here on Monday evening April 1st to hear Mr. J. B. Brown and Norman F. Priestley discuss the Provincial political issues. Lou Alamo, president of the Canadian U.F.A., was in the chair. The crowd numbered some four hundred.

Mr. Priestley in his address outlined the development of democracy during the centuries, and stated that we had only so far learned the A.B.C. of using the possibilities of democracy for our own good.

The U.F.A. and the provincial government, as, take their stand for the development and fulfilment of democratic principles.

We were told that the principal factors in the difficulties of the present time in this province are: (1) climate (2) Tariff policy (3) Transportation (4) Immigration. The speaker stated that the United States is in a large degree agricultural. It is estimated that we in Alberta pay the sum of \$1200 per capita for the privilege of living under a protective tariff.

NAMAKA FARM

Last Friday the pupils of our school held a farewell party in honor of the five Koppa children who are leaving the district for Quebec. After a varied program of songs, recitations, games and dramatization a bounteous lunch was enjoyed. We wish Mr and Mrs Kopp and family happiness and success at their new home at Duchesne.

The services last Sunday were tinged with sadness. The party of settlers who are leaving this week said farewell to the many friends on the farm. This group of five families—J. Hochmann, C. Hochmann, D. Haeckmann; D. Kroscher and D. Stiefel have taken up homesteads near the Athabasca River at Blue Rapids. Forever life at all times has been difficult but we all join in wishing these friends much energy, strength and perseverance in making their home down in Alberta's new North.

Rev. Hartach, missionary in the Belgian Congo visited us last Thursday and Friday. He told of horrible slave conditions still existing in that part of Africa. Unscrupulous traders have in former times captured the natives in buying their main article of export ivory, to such an extent that they fled at the sight of Europeans. They simply boycotted Rev. Hartach and assistants by refusing aid to any enterprise. Finally the hearts of the native mothers were opened up when a babe was born to the missionary's wife. The blacks now streamed together in multitudes to view the babe. Shortly after the native chief gave little Arday his own name—Eloco-bang-o and now he is known through out the length and breadth of the land.

H. Thelsson and J. DeLauritz will be spending their rural practice weeks in our school.

A short time ago the Riverside Baptist Church Choir presented a most inspiring and uplifting program in our church. The group numbers twenty six and came in a chartered bus. The selections were beautifully rendered and the address by Rev. Kujath, Rev. Nachtigal, and a few other young men will long linger in our memories.

ROCKYFORD

We are very pleased to hear that Mrs. L. W. Pomroy after an illness of eight weeks is able to be up a little while each day, also Mrs. Pomroy is able to receive visitors now.

On Wednesday a car load of Rockyford Chapter O.E.S. members braved the dust storm and journeyed to Calgary to pay a fraternal visit to Acael Chapter. The ladies reported they had an enjoyable evening.

Bobbie Stone has been ill for the past week, we hope that he will soon be out again.

C. R. Walrod was a Calgary visitor several days last week.

A car load of Moons visited with

Drumheller on Thursday evening.

The Ladies Aid met with Mrs. D. R. Poole on Thursday with a good crowd of members present. Further plans for the Easter tea and sale was dealt with. At the close of the meeting the ladies served a delightful lunch. The next meeting to be with Mrs. Howick on Thursday April 12th.

Mrs. Barker and Mrs. Bradwell entertained at three tables of bridge at the farmer's home last Friday evening for the series of bridge parties to be put on by the Girl Guide Committee. The proceeds to be used for the Guide Fair.

Mrs. Carpenter who has been ill is able to be out again.

Walter Gibson spent Thursday in the city.

We are sorry to hear that Mrs. Harvey is sick with diphtheria. We wish him a speedy recovery.

Mr. and Mrs. L. W. Roppel entertained at five tables of bridge at their home on Friday evening.

Mrs. M. A. Hoggswill spent the week-end in Calgary.

Mrs. Chas. Short of Vulcan spent Sunday visiting with her parents Mr. and Mrs. F. Birt.

Harvey Birt was a Calgary visitor on Friday.

CROWFOOT

The community is greatly grieved at the sudden death of Mr. A. J. J. Weyers. The deepest sympathy of the neighborhood is extended to the Weyers family in their recent and bereavement.

Mrs. Clarence Garriott entertained on Friday afternoon at a very happy party in honor of her young daughter Jean, who had that day attained her sixth birthday. The table was daintily contrived with a most original birthday cake representing The Woman in the Shoe, which drew forth a great many comments of pleasure and delight from the guests. The guests comprised—Mrs. Miller, Margaret and Marilyn, Mrs. C. Harvey and Rose, Mrs. F. A. Patching and Frances and Miss Stella Peterson.

Despite the roaring of the proverbial lion that roared out the last day of March, Sunday School was excellently attended. The important business of the day was the election of officers for the coming year. It was also decided that Rev. T. B. Winter give a Lantern Lecture on Customs and Manners of life in the far East, to be held in the school house on Friday evening April 12th.

Mr. C. Buckle is now waiting for Mr. S. P. Garriott. All applications for the position of cook at the teacherage will be given careful supervision by our local school teacher. Fair sex preferred.

MEETING AT NAMAKA

On Monday evening March 25th a very well attended meeting under the auspices of the U. F. A. was held in the hall. Mr. Wheatley, district organizer spoke briefly along lines of organization, etc. Mrs. Fulton, director of U. F. A. for Bow River presented a very fine paper on the value of the organization to women. Mr. Church U. F. A. director for the constituency gave a brief address on the achievements along co-operative lines. Mr. Priestley, Vice president of the U. F. A. followed and dealt chiefly with the socialization of Credit. He gave an interesting account of its history over a period of some 25 years, stating that

thus far no scheme had been devised which could be applied to this province. Speaking generally, he stated that such reform could only be started where money, exports, imports, etc. were controlled—that is, in a Sovereign state such as our Dominion. During the lengthy question period which followed much detail of various Social Credit plans disclosed and much information gained. After the meeting the speakers were entertained at the home of Mrs. Miller.

THINGS OF BEAUTY

A cherry orchard in full bloom with bees humming through it in the sunshine.

The majestic grandeur of tall pine trees depicted as silent sentinels of a great mountain forest.

A stately spruce mantled in clinging white snow. The rising sun painting the lofty tops a beautiful salmon hue, and a soft blue sky completing a transient bit of glory.

GOVERNOR WITH A PEN

John Buchan who is to be Canada's next Governor General has earned celebrity on a number of counts—as a politician, for example, deeply interested in imperial development; as a poet of note who has filled the office of Lord High Commissioner to the Church of Scotland; and as an advocate for the Imperial League. Books which made history in the Church of England and in the House of Commons a few years ago—but his distinctive claim to recognition is as a writer. He has literary gifts which won him wide acclaim when he was a young man, and which keep him well to the front in the field of letters even in this age of multitudinous publication.

John Buchan has the gifts of storytelling and authority, and one thing he will get in Canada whatever else he may manage to miss during his sojourn here is "copy" life will be subject matter for literary treatment wherever he goes from the maritimes to Quebec and from the cities of Ontario to the Prairies and the water-fronts of Canada's Pacific slope.

In one of his most interesting books The Path of the King, a saga of the fate and fortune of the younger sons, the prototype of the story, as we remember it, is placed in Canada, although it goes far afield from its starting point.

This feel for sentiment, and for the invisible mysterious forces which guide human affairs, gives John Buchan's best work its value. He gets under the surface of the common scene and is as susceptible to the influence of the "fairy folk" as any old-time Highland seer.

The whole body of John Buchan's literary work makes an impressive monument to his genius and also to his industry. It is the merest commonplace to say that he is one of the most distinguished figures in contemporary literature.

Canada is receiving a representative of his Majesty who will bring with him as his most important instrument—a writer's pen.

Other books, Life of Montrose; The Thirty-Nine Steps; The Power House; A Lodge in the Wilderness; Green Mantle; Buchan's History of the War, etc., etc.

THE WEEK IN THE LEGISLATURE

Edmonton, Alta.—The Legislature after long debate and careful consideration Wednesday, passed the estimates for the fiscal year 1935-36 and has begun talking to its legislative program in earnest. Friday, His Honor Chief Justice Irvine, as administrator of the province in the absence of Hon. W. L. Vain, Lieutenant-Governor, came down to the house and gave the royal assent to the first batch of five bills that have passed the assembly this session.

One of the bills was the appropriation act, which provides funds for the financing of the province for the fiscal year. This bill provides for a total expenditure of \$25,876,875, made up of \$18,726,535 to income and \$5,150,340 to capital account.

Other business transacted during the week by the legislature included consideration of amending legislation for several bills now on the statutes and for which changes were considered necessary.

The correspondence and a copy of an agreement between the government and one Max Ball, petroleum engineer of Toronto and Denver, Col., was laid on the table by Premier Field which is the first step in the development of a \$100,000 separation plant at the MacMurtry tar sands area in northern Alberta.

This plant was to be commenced this year and to be completed by Sept. 1936. The agreement is for a period of 21 years and covers a lease of 3,440 acres out of the 8,000 of provincial lands in the area. Construction of a 350 ton separation plant is the final objective. The initial outlay for the first unit of the separation plant will amount to \$150,000.

During the week suggestions for a greatly reduced legislature were made by Hon. Geo. Howley, minister of health and telephones, not as a plan sponsored by the government but merely as a possible scheme of his own suggestion. It would mean a tremendous saving to the province in the cost of government. His idea is for a council of not more than 20 members to meet once a month and each member of which would have a sort of cabinet standing. He called it a business administration plan.

Actions of some municipal councils in the province in not being fair in their dealings with those whose property was in tax arrears was severely scored during a debate when the house was in committee of the whole, Friday, by A. M. Matheson, U. F. A. of Vegreville, who thought he saw to provide for the consolidation agreements and payment of back taxes in instalments should include mandatory features. One section of the bill to which Mr. Matheson took exception provides that a municipality may bring in plan into operation by passing a by-law before the first of Sept. in any year adopting the act for that year. This was the feature he wanted made mandatory.

Hon. Hugh Allen, minister of municipal affairs said the rural districts organization favored the legislation provided for in the bill without compulsory features.

The bill remained in committee and no action was taken at that time in the matter.

Thursday a session was sprung on the house by charges of Omar St. Germain, Liberal and former U. F. A. member, that before he crossed the floor of the house last year, he had been approached by representative of the coal promoter with an offer that if he did or cross the floor his son, Gerald, then an employee of the civil service, would be given a promotion. He said that neither Gerald, he, nor the U. F. A. his son had been dissuaded.

Flat denials of the charges were made by former premier, L. B. Brown, who said he knew nothing of the decision of Mr. St. Germain to cross the house at the time stated. Premier

Grasshopper Campaign 1935

Careful surveys during the Fall of 1934 indicated a very large reduction in the grasshopper population, but it is still possible that some areas will require treatment during the coming season. It will be necessary to conduct another campaign.

Members of Farmers' Districts in the severely infested areas urged to arrange for meetings to discuss methods and measures of control.

Speakers can be supplied for a limited number of meetings.
